May 2016

Bye bye birdies!

Snowbird Annual Picnic:

Thank you Judi Callison and Kay Kibbel for another successful event!

Congrats to the new BOD

James Gallagher stepping in to fill the shoes of the long-serving Peg Mercner, as President; Leroy Kibbel, VP; Marcia Drury and James Petrucci, co-treasurers and Frances Vancer, Secretary.

Be responsible, recycle correctly!

I am sure you have noticed the new gates on the dumpsters. Please take note of proper recycling procedures as it is an ongoing problem when “guests” and “residents” do not follow simple instructions. This is a service we pay for and *good for our planet*. If all bins are full in your area... please take the time to walk over to another area that is not overflowing! Do not throw cans in the paper bins, do not throw plastic bags in the can/glass recycle bins. My personal thanks to you for your expected attention to this process so I no longer have to “bin dive” in my area!

Repair, Replace and Update:

The new BOD has accepted a contract for cleaning the tile roofs and is currently looking at painting and repairing the buildings. Cleaning of roofs to commence on May 9th, weather permitting. **All owners should have their condos checked after the cleaning to ensure there are no leaks!** Sample colors will be sent to all residents for a vote. Under consideration, also, is removing the indoor-outdoor carpeting on all stairs. A personal YAY from me!
