

Holiday News Letter

The Board met on November 10th and unanimously approved the budget for 2018. As hoped, there will be no increase in HOA fees.

Golf Green's sprucing up is almost complete. The painting is in its final stage. Touch-ups are being made around the doors and railings. The repainting of the shuffleboard courts is underway and then the fencing around the pool will be done. The new carpet for the stairs is about fifty percent complete. The last project for 2017 will be to resurface the pool. It has deteriorated faster than expected and cannot be put off any longer. **The pool will close on December 4th for possibly 3 weeks.** We are hoping for a much shorter period.

Special Note: If the painters had to remove your unit number from your door, please make sure you replace them so that the Fire Marshall does not fine us.

Speed Limit 10 MPH: We recently had an incident where someone was almost hit by a car. The speed limit is 10 MPH and it is best to drive several feet away from the tunnel entrances.

Carol Crane has done a fantastic job coordinating our new landscape company. Some residents have said that Golf Green has never looked better. Thanks Carol.

Two big events are slated for the new year
