

GOLF GREEN NEWSLETTER

SPRING 2018

March 16th was a busy day here at Golf Green. The General Membership Meeting took place and the Board remains the same for the next year. There are 2 seats up for election next March and all are encouraged to throw their hat in the ring and take an active part in the Association.

Later that day was our annual Snow Bird farewell party. Burgers and hot dogs were grilled for everyone and games and fun took the party well into the evening. Huge thanks to Kay Kibbel and her Social Committee for a great event and another spectacular social season.

PROJECT UPDATE: Please remember that the resurfacing of the pebbles in the tunnels will commence May 1st (weather permitting). All flowers, pots, furniture must be removed before then.

~We have had a rash of bat infestations and wood pecker problems. Pointedly, the wood peckers made large enough holes that the bats moved into them. We have just rectified that problem and Massey is treating the rest of the buildings to keep the bats out. Bats are protected April 15th through October 15th, so unfortunately this is a time sensitive matter.

Esther Waters (Unit 220) has put out feelers for a Golf Green Book Club and many have already signed up. It is planned to start January 2019 and updates will posted as the time draws near.

Kay Kibbel would like to thank everyone for their help and support in making it such a fun year. She has planned many social events for next year. As of now they are: January – International night; February – Trivia night; March – Tropical night; April – game night and outdoor movie night!

HURRICANE SAFETY: Before heading North for the summer please remember to remove everything from outside your condo. This includes all planters, hanging baskets, tables and chairs, etc. Anything that could possibly become a missile in the event of high winds. Anything that is still found outside will be tossed into the dumpster.
