

Time is flying by. It's almost the holidays!

Golf Green had the first TGIF of the season on November 8th and it was very well attended. We had a 50 - 50 drawing to raise money for Christmas decorations and Randy & Jeanne Snyder were the winners. The total pot came to \$175.00 and the Snyders very generously donated the entire amount back to the community. We have been able to replace so many strings of lights that somehow went bad. Also, a 70" wreath was purchased and the decorations that are now on it. New ornaments for the tree and other decorations in the clubhouse also were made possible. There has been some discussion as to when to light the place up and it seems we have agreed to do it next Friday, November 22. Since TGIF is now every other Friday this should make for a merry Happy Hour indeed.

We have three seats opening on the Board in March 2020. Stepping down will be Jim Petrucci, Leroy Kibbel and Jim Gallagher. This is your home (or home away from home for some of you) and if you want to make a difference, please consider a run for the Board. It's only a 2 year commitment. It's time for some fresh ideas so think about making a difference at Golf Green.

To one and all from your Board.
